

# EARLY CHILDHOOD EDUCATION

## Overview

The Early Childhood studies program faculty recognize the importance of the three-fold mission of the University and actively seek to prepare early childhood educators who possess the competencies to provide for the education and care of a diverse group of children in inclusive early childhood programs. Effective early childhood programs can alter the lives of children, families, and communities that result in academic, social, personal, and economic benefits. Highly qualified teachers play a critical role in ensuring the success of young children in early childhood programs.
